

**DETAILED ACTION**

The amendment filed on 8/08/2008 canceling all claims drawn to the elected invention and presenting only new claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining newly presented claims 21-36 are not readable on the elected invention because they are directed to a product that is a tissue from pig urinary bladder or stomach. The originally presented and acted upon by the Office on their merits were directed to a method of cell culturing.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
